

Part No. 1361-3A-35 Anti-Static 3/8" Airline, 35' (Painters Hose)

Part No. 1361-3A-50 Anti-Static 3/8" Airline 50' (Shop Hose)

**From the Innovators at
Hutchins Manufacturing
Anti-Static Airlines for Painters & Shops**

Developed for the Aerospace Industry

● A "must-have" in every waterborne shop

● Clear, Crushproof, Reinforced construction allows instant detection of airborne contamination

● Anti-Static design decreases electrical charge to improve metallic orientation for both solvent & water based paints

● Reduces static charge and dust build-up on plastic parts and bumpers

● Lightweight, Durable design with large inside diameter improves airflow for better spray gun and air tool operation

● Perfect for Hi-flow couplers! Available in 35' and 50' lengths

● Operating pressure to 225 PSI. Operating temperature to 150F.
