

NEW
from Hutchins

**The Model 3570
Industrial
Palm Sander**

With 50% more power and 30% faster sanding than conventional models, the 3570 Industrial sander delivers performance when time counts!

Built with legendary Hutchins quality, the 3570 will deliver high-quality surface preparation results long after other sanders have quit!

Unlike other sanders designed to be discarded, all Hutchins products are designed to last a lifetime and can be easily serviced to deliver peak performance.

Hutchins Sanders proudly made in the USA.
