

Water & Vacuum Sanding

Water sanding can be used to control dust, cool the surface, or remove imperfections on painted or primed areas

Model 7544 WaterBug

This 6" Random Orbit sander is designed for color sanding automotive and industrial finishes prior to polishing. Its 3/32" offset produces a fine scratch pattern and has a venturi-driven through-the-pad water delivery system. Comes with a 20' water siphon hose and a 6" interface pad for sanding contours. **Similar models:** 7545 & 7547.

Model 7044

The 7044 wet sander has Orbital Action with a 3 2/3" X 7" pad for fast material removal. Its unique bypass system protects components from moisture insuring long-life productivity. Comes with a 20' water siphon hose and an interface pad. **Similar models:** 7004 & 7044-6.

Vacuum sanding should be used anywhere dust control is an issue. Sanders can be purchased as Vacuum Only and require an external vacuum source or as Self-Generating and will generate their own vacuum

Model 620

Designed as a "Value Added" Vacuum Only sander, the 620 offers American-Made quality at an Import price. The 3/16" offset delivers aggressive material removal with comfortable low vibration operation. The 620 ProFinisher™ sander is the perfect addition to any vacuum equipped body shop. **Similar model:** 520.

Model 3970

This Vacuum Only sander has the same Industrial quality construction as our model 3570 but includes vacuum extraction. The 3970 delivers hi-speed sanding with legendary Hutchins performance. Available with 5" or 6" pads in Velcro or PSA face. **Similar models:** 3950, 3960, 4950 & 4960.

Model 8970

This Self-Generation version of the 3570 offers the same legendary construction but generates its own vacuum through a built-in venturi exhaust. Its patented motor assembly will sand up to 40% faster than conventional sanders. Available with 5" or 6" pads with Velcro or PSA face. **Similar models:** 8650, 8660, 510 & 610.

Model 4920

The Hustler Straight-line sander is ideal for sanding and shaping fillers and fairing compounds. Its vertically engaged gear system insures smooth, low vibration operation. The 4920 is well known by professionals around the world for its quality and reliability. Comes with 2 3/4" X 16" vacuum pad and bag. Also available with 4 1/2" X 16" pad. Can be used either as self-generating or with external vacuum source. **Similar models:** 4920-4, 4920-4H, 4932-4, 4932-4H & 4933.

Model 4921 Eliminator Vacuum Only

This 18 to 1 reduction gear Grinder delivers Low-Speed, Hi-Torque sanding to produce a controlled "Shaving Action" on paint, metal, wood or fillers. The low speed increases operator precision while decreasing surface temperature, reducing the possibility of distortion. Available with 8" or 11" pads in Velcro or PSA face. **Similar Model:** 4906.

Model 8623 Mini-Inline Sander

A smaller version of the 4920 Hustler, the 8623 Mini offers a shorter stroke for finer sanding of putties, primers, or even clearcoats in the woodworking industry. Available with three different sized pads (2 3/4" X 8", 2 3/4" X 11", or 4 1/2" X 9") Can be used either as self-generating or with external vacuum source. **Similar models:** 8620 & 8625H.
