

# PROFINISHER™

MADE IN AMERICA BY HUTCHINS

### Model 500 ProFinisher™

The ProFinisher Model 500 has a 3/32" offset with a less aggressive sanding action and is perfect for pre & post paint sanding applications. This makes the 500 ideal for all paint shop applications. The 500 is proudly Made In America and offers smooth, low-vibration operation. (Model 500H with 6" velcro pad)

**Similar Models: 510 (self-gen)\* & 520 (VA only)\*.**

### Model 600 ProFinisher™

Intended for use by technicians seeking fast, smooth operation, the 600 is a "Value Added" sander offering American-Made quality at an Import price. The 3/16" offset delivers aggressive material removal with comfortable low vibration operation. Its reliability and performance makes this a top choice among professionals from all sanding industries. (Model 600H with 6" velcro pad)

**Similar Models: 610 (self-gen)\* & 620 (VA only)\*.**

### Model 700 ProFinisher™

The Model 700 is the most aggressive sander yet from Hutchins. Its 5/16" (8 mm) offset offers 25% faster material removal than our Model 600. It is the ultimate tool for anyone looking for true sanding speed. Not only is this a 12,000 RPM sander, it has the same extreme comfort and low vibration characteristics as our Models 500 & 600. No other big offset sander offers this combination!

**Similar Models: 710 (self-gen)\* & 720 (VA only)\*.**

### Model 503 ProFinisher™

A ProFinisher perfect for the Painter for de-nibbing or paint prep. The 3" pad size allows for better fine sanding of small or hard-to-reach areas.

**Similar Models: 523 (VA only)\*.**

Model 503

### Model 603 ProFinisher™

A more aggressive 3" sander that the Bodyman can use for shaping and feather-edging or bumpers, doorjambs or any small hard-to-reach area.

**Similar Models: 623 (VA only)\*.**

Model 603

3/16" offset

1350-4
